

Premium Detergent for Perc. & Hydrocarbon

## “ChemTex”

An anionic, water-white, dry-cleaning detergent used in perchloroethylene or petroleum charge systems. ChemTex® contains anti-static agents, and brighteners, and does not increase filter pressure.

- Premium detergent for maximum whiteness retention
- Formulated for use with perchloroethylene or hydrocarbon solvent at 1% charge
- Recommended for deluxe quality plants
- Brighteners and fabric conditioner added
- Maximum soil removal, without additional moisture
- Contact us for pricing and available sizes

### MAINTAINING A PROPER CHARGE

For each addition of NEW or DISTILLED SOLVENT, add ChemTex® per Table.

TABLE

Solvent	ChemTex® Additions		
	½%	1%	1½%
5 Gallons	3 oz.	6 oz.	9 oz.
10 Gallons	6 oz.	13 oz.	19 oz.
25 Gallons	16 oz.	32 oz.	48 oz.
